**PURPOSE:**

This is a general guide for policy development, describing process, philosophy and format. The development and evolution of policy, while ultimately a Council responsibility, is a task in which all affected are expected and invited to participate and contribute.

Policies and Procedures are to be written such that the intent of each policy may be known, understood and implemented correctly and completely.

Generally, policies, administrative procedures and exhibits are for the internal operations of the Village, and are the mechanism by which Council provides authority, direction and guidance.

The Policy Manual will be regarded as an evolving document continually adjusting to meet the needs of changing times and circumstances.

**DEFINITIONS:**

“Policy statements” mean the principles and rules adopted by Council to reach its long term goals. Policy statements are designed to provide high level direction and guidance, establish key principles and responsibilities, set fundamental requirements, and allocate and define the limits of authority.

Policy statements differ from bylaws in that policy is intended to establish rules and guidelines for the Municipal Corporation, its council and its personnel whereas bylaws are intended to establish guidelines and rules for residents and visitors in the community.

“Administrative procedures and exhibits” are developed by administration and approved by the Chief Administration Officer (CAO), and are intended to operationalize policies. Together, policies and procedures ensure that a point of view held by the Council is translated into steps that result in an outcome compatible with that view.

In the simplest terms, a policy defines expected outcomes, while a procedure defines the process for achieving those outcomes.

“Policy Manual” means a physical and electronic consolidation of all Village of Alliance policies maintained to serve as an operational guide for staff, Council and the public.

“Policy Committee” means Council of the Village of Alliance

“MGA” means the Municipal Government Act
