ALLIANCE

TOWN HALL MEETING

MARCH
2025

EVENING AGENDA

Thank you all for coming

- Purpose and Importance of Town Hall Meetings
- Tonight's goal
- 2025 Budget
- Capital projects
- Tax Assessment
- Development projects
- Movie in the Park
- Community groups and the 2025 Events

Purpose and Importance of Town Hall Meetings

The purpose of a town hall meeting is to provide a forum where community members can express their views on matters that impact the community.

These meetings are intended to collect feedback from citizens and to share information about upcoming local events.

Beyond providing feedback, town hall meetings allow for a range of opinions to be shared. They facilitate open communication, mutual understanding, and transparency between the Village and citizens.

Tonight's Goal

Tonight, we will be focusing this meeting on our Community!

Too many fun events suffered due to the Covid restrictions. Some of those events have been trying to make a comeback, many however have just gone away. NOW is the time as a Community to help each other bring back the fun in a BIG way!

2025 OPERATING BUDGET

Mission Statement

“To guide our community with committed respectful leadership, honesty and integrity.”

REVENUES \$577,718

Asphalt maintenance: \$20,000

Sidewalks repair's: \$15,000

Dust suppressant: \$8,500

Stormwater drainage ditch south end: &15,000

Walking trail: \$5,000

Tax Assessment

Provincial legislation requires that property assessed values be estimated annually. A property tax assessments the process of determining the value of a property for tax purposes.

Local governments (such as Villages or towns) contract a professional property assessor in accordance too the MGA.

In Alberta, assessments are based on the market value of the property.

They assess the value of properties each year to figure out how much property tax the owner will need to pay. The higher the assessed value of a property, the higher the tax amount.

**For more
information, please
see us at the Village
Office, we are happy
to help!**

Tax Assessment

Sum up

1. The tax assessments sets the value of your property.
2. The mill rate tells you how much tax you owe based on that value.

Your current assessment notice indicates your property's market value, the amount it would have sold for in the open market, on July 1 of the previous year. All properties are assessed using similar factors that real estate agents and appraisers use when pricing a home for sale. This market value is then used to calculate the amount of taxes you pay in proportion to the value of the real estate you own.

The Government of Alberta establishes its budget to fund the provincial education system. The Village must collect provincial education property taxes from Alliance property owners on behalf of the provincial government.

Development projects

- BRR Expansion
- ATCO Expansion
